

Do-it-at-Home

The Church Has Left the Building!!

October is Mission Month at Southminster Presbyterian Church!

Although we won't be able to be together on the 2nd Sunday of October for **The Church Has Left the Building**, Southminster's Mission goals remain the same. Our Mission Team has asked if ***the Little Dresses for Africa Project*** can happen one more time!

Sewing Team - let's answer – YES!!

Are you willing to make some of these cute dresses at home?

We have dress packets left from last year – most have fabric, elastic and some of the other things needed to make the dresses. For those of you who can make some of the dresses, ***the packets will be available to pick up at church on Monday, October 19th from 11am to 1pm at the Sanctuary entrance to the church.***

You are also welcome to use some of your own stash of fabric to make the dresses. Here is an opportunity for you to use up your extra trims, buttons, etc. to decorate the dresses. If you have extra trims that you want to share, let us know so we can arrange to get them and incorporate them into some of the existing packets which are incomplete.

I have 16 names of people who have helped with this project in the past. If each of you can make 4 dresses we would have over 60 dresses to send. Make as many as you can - 1 to ?. **Every dress is important.**

Let's make "The Church Has Left the Building" a success by sewing at home! Our 2020 mission project will not be as much fun as sewing together, but our efforts will help meet **our goal to serve the Little Girls in Africa!**

In Christ's Love
