

GUIDELINES FOR DONATING TO THE CASTLE

A volunteer from The Castle picks up donations the day after the 4th Sunday of each month.

Perishable food items should be fresh and a few days left before their expirations dates. Food placed on the cart and/or in the refrigerator with past expirations dates will not be given to The Castle.

If you have food items and it is not near the pick-up day, it is your responsibility to see that the food gets to The Castle in a timely manner. Do not leave items and expect someone else to deliver them.

Thank you!
